

SOCIETAS GOES TO PARIS

By Max and Keelie

Date: 21.6.24

On Friday 21st June, children from all of the schools within our trust came together at the Stoke City Dome to take part in an Olympic themed event.

With less than a month before the start of the Olympics, the KS2 children were organised into groups each representing a country. The event started with a parade of all of the countries proudly waving their flags

Soon after, the groups spread out around the dome and started their first activity. The sports that the children tried were: sitting down volleyball, handball, target practice, boccia, archery, tri golf, javelin and parachute games.

The invited children thoroughly enjoyed the activities and embraced this wonderful opportunity.

Ava from Gladstone reported that her favourite activity was archery because she felt she was good at it.

Oliver from Ash Green told us

“I am enjoying it and my favourite one so far is javelin!”

This event was an inclusive event and allowed all pupils to have a taster of a variety of Olympic inspired sports. What a huge success it was!
