## Activity#1 ~ Fairy quest

**TIME ~10:16**

We started to walk through the main office, then over the bridge where we saw Bridget the fairy hanging from a wire. We then proceeded down the gravel path and through the arch. We headed towards the statue of Perseus (with Medusa's head) where we received our Trentham Fairy-Quest booklets and met our second fairy Zvara. We did some map orientating,

the smaller arches and the other fairies ( in order of sight ) were named Venus , Helper, Rio and Fern. We all had a photo with the fairy named "Fern" who was standing on a plant called "Fern" in the middle of a fountain. Jackson and Miles were really good at leading the rest of the year two group to find the fairies.

where we had to match the landmarks on the map to the fountains, the lake, the river and the gravel paths. Once we had found where she was and where we were on the map, we went up the hill to find are next fairy(Spidy) hanging from

After that we waited on the grass for the second activity.

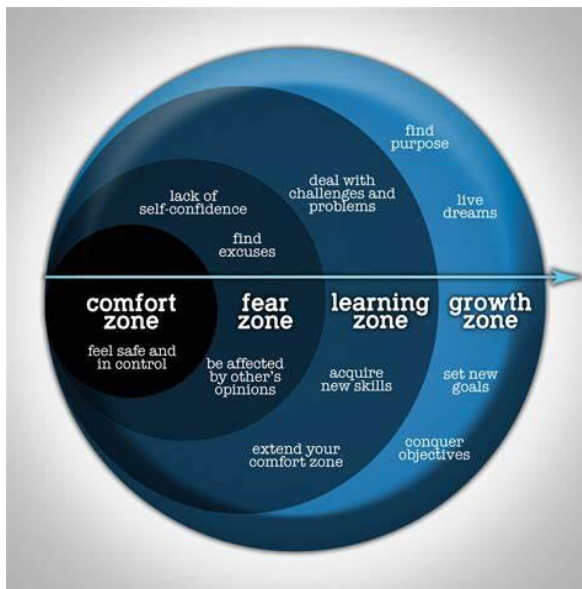

## Activity#2~ The Dream talk

**TIME ~ 11:03**

We entered a large room full of different schools and a man began talking about how to achieve our dreams. He said things like “give 100 % work hard always believe achieve goals, you have energy to come to school- you have energy to achieve your dreams .”

We were told to write down are dreams and give them to our teacher, draw our dream house or car and achieve our goals.

## Activity#3&4~Disc golf, Play Park and Bare Foot Walk

When we finished the disc golf we had a vote on where the children wanted to go next. Half went to the playpark and half to the bare foot trail. Both were fantastic! Some of the obstacles on the bare foot trail hurt our feet and we got absolutely filthy. We also went into the maze and got lost!

We all had a go at disc golf Jackson said he love it . We had more time after our first go so we went to more levels.
