## Year 2 Go to Trentham Gardens

### Carmount Go Exploring

Year 2 intrepid explorers joined their Societas School friends and fellow pupils at Trentham Gardens in June. It was a fun packed day of character-building activities & experiences.

### Eager Beavers

We walked so much and saw so many things and still had an eagerness to explore more. There were metal fairies and elegant swans, tall trees and terrific sculptures. So much to see and do we could hardly contain ourselves. We even took our shoes & socks off and were brave on the mud & rocks of the Bare Foot Trail.

### Catch Me if You Can

The Hide and Speak Maze was so much fun and a challenge too to find our friends. The neighbouring adventure playground was immense and so popular. It gave us a chance to climb and spin and swing with our friends, whilst meeting new ones from the Trust. It was very popular and a good meeting point. We tried so many new things.

### Enter the Dragon.

We had to find it! We followed the signs and asked passers-by with their dogs. We seemed to walk for miles, meeting swans and fairies on the way. We eventually got there and entered the dragon. We felt so proud but then realized we had to walk the long journey back. Luckily we found a short-cut to the maze

### QUOTES:

"I climbed so high on the slide & the climbing frame. My friend Jay-Jay helped me to reach the top." Linden

"I've been to Trentham Gardens before but it was much more fun with my friends." Audrey
