BREAKING NEWS!

BURNWOOD GOES TO PARIS WITH SOCIETAS!

On the 21st June, Burnwood joined other schools from the SOCIETAS trust in our trip to the summer Paris Olympics.

The morning started with all the children walking around the Stoke City training dome, waving flags and smiling to the sound of different anthems.

After that, all the children were split into different coloured teams to ensure that they worked together when competing as teams.

During the morning the children took part in various activities including archery, tri-golf, sitting volleyball, target games and the parachute.

When asked about the archery event, Alysha said 'I didn't like it very much at first. However, I carried on trying and eventually I hit the target. I felt really excited!'

On the whole the parachute activity was the favourite activity of the morning and Dayton said that 'It was so much fun!'

Everyone agreed that they had a brilliant time. They would like to do it again and hope to see everyone again soon.
