BREAKING NEWS! SOCIETAS TRUST SENSATIONAL PARALYMPICS EVENT

Have you ever had this much fun in a P.E. LESSON? Well, the Societas Trust did! On the 21st June, the schools of the Societas Trust visited Stoke City Dome for a fantastic multi-sport competition.

The Paralympics is a well-known sporting event which takes place every four years after the Olympic Games. It is a multi-sports tournament for people with a range of Disabilities. This event was organised to empower the children in our trust and to give them valuable experiences that they can carry forward in their lives

To kick off the day, our aspiring athletes were divided into 8 groups. Each group represented a different country such as Chine, France and Germany. The groups took it in turns on each of the activity stations. There were 9 stations in total. They included archery, parachute, volleyball and javelin.

At the end of the day, the children loved it!

“I enjoyed the volleyball because it’s fun and I have made some new friends.

- EVA ALSAGERS BANK

“My favorite was archery because I liked it.
